R50

R50 Display

Newly R50 Display is the most compact profile in the field of self clamping paper holders. You can perfectly display cards, posters, drawings without damaging them. You can use them at home, in offices, schools, restaurants and kindergarten. The specially developed rubber clamping profile into the rail makes it possible to hang different paper thicknesses in one. The R50 Display is produced from high quality aluminium in combination with a rubber clamping inside (size 29.5 x 14.2 mm/1,16 x 0,55 inch).
